Supporting Children Learning English as an Additional Language in the Early Years

Developed by the Victorian Curriculum and Assessment Authority, early childhood development expert Dr Priscilla Clarke OAM and *fka* Children's Services, this session explores the stages of additional language development and the role teachers and early childhood professionals have in supporting emerging English learners in kindergarten.

Australian Professional Standards for Teachers (APST):

1.3 Learners with diverse linguistic, cultural, religious and socioeconomic backgrounds: Design and implement teaching strategies that are responsive to learning strengths and needs of learners from diverse linguistic, cultural, religious and socioeconomic backgrounds.

National Quality Standards:

1.1.2 Program learning opportunities: All aspects of the program, including routines, are organised in ways that maximise opportunities for each child's learning.

1.2.1 Intentional Teaching: Educators are deliberate, purposeful, and thoughtful in their decisions and actions.

Due to the current protective measures of social distancing, this session – initially scheduled to be delivered in Glen Waverley – will now be delivered online, via Zoom.

How will this work? Our remote sessions will be shorter than face-to-face delivery, with pre-reading/resources provided prior to the session, and individual support after the session to implement your learning in your context.

What you need: Our training will be delivered via Zoom. We recommend using a computer for this program however you can also access it via a mobile or tablet device. Once you have created a free account, you can join a meeting by downloading the Zoom application or visiting the Zoom website. Further instructions for using Zoom will be emailed to you on registration.
